

LICENSE AGREEMENT AND ROYALTY RATE

BENCHMARKING STUDY

A detailed comparison of third party licence agreements in order to determine an arm's length royalty rate range

Focusing on recent third-party licence agreements covering European region and worldwide territory

The database consists of agreements with disclosed royalty rates in percentages

The data is compliant with the OECD BEPS measures and the EU Anti Tax Avoidance Package

ANALYSIS

CUP analysis to determine an arm's length range of royalty rates for the IP licensing in a particular sector

DELIVERABLES

- A benchmarking study report presentation containing the description of the search, steps of the analysis and calculation of an arm's length royalty rate range
- An appendix with a list of all reports used during the screenings
- PDF sources of the original agreements used in the calculation of the royalty rate range

PAYMENT

The fee for performing a benchmarking study is EUR 1,200
